

WELCOME

Welcome to Seadown Veterinary Services. Seadown is unique in having a long-term, in-depth understanding and experience of treating all animals in the forest and treats a huge diversity of horses, not just the ponies on the forest but also competition horses, pleasure ponies, donkeys and miniature Shetlands. Seadown is proud to be deeply embedded in the forest ways and activities, providing honorary veterinary services to the New Forest Pony Breeders and Commoners Defence Society, along with involvement in the annual stallion passing, breed show, point-to-point and welfare tours.

We are a team of dedicated equine vets providing the highest level of clinical care twenty-four hours a day, seven days a week. We are an expanding, forward thinking, modern practice and pride ourselves on giving the best possible care in a professional and friendly way.

Our "on the road" service is backed up by the fully equipped Seadown Equine Clinic where we have in-patient facilities and a full range of diagnostic and operating equipment. In addition, there are facilities for examining horses, performing lameness work ups and fertility investigations. We also have close links with ACPAT registered physiotherapists and can arrange remedial farriery for any shoeing needs.

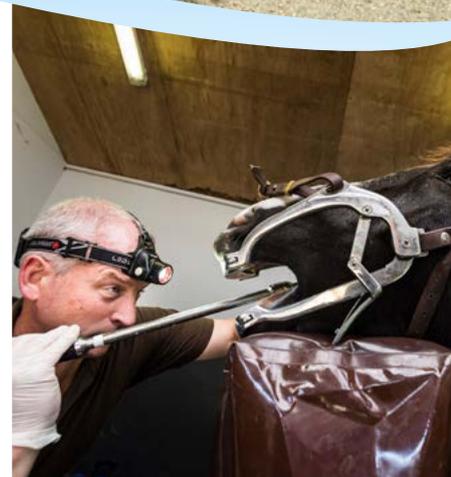

We aim to provide a personal and caring service for you and your animals. We are available on the

phone between 8.30am and 5.30pm and one of our equine vets is available 24 hrs a day, 365 days a year in case of any emergency. Our phones are answered out of hours by one of our veterinary nurses at the Clinic.

If you have internet access, our website is www.seadownvets.co.uk and you can view some of our services there.

We also provide our ZONAL VISIT SCHEME where we offer visits for pre-booked, routine work such as vaccinations on a particular day of the week with no visit charge if 2 or more procedures take place (See our practice information sheet).

We have dedicated staff members within the practice to deal with all equine matters - so why not call us on 02380 845586 and arrange your visit?

Delivering first-class veterinary care to the New Forest since 1923
